A

Turn the letter **A** into an airplane.

Here is what you need:

construction paper letter A

sticker stars

paper clip

Here is what you do:

1. Fold the letter A in half.
2. Fold the two bottom legs of the A down at a right angle to make wings for the airplane.
3. Decorate the A airplane with sticker stars.
4. Slide a small paper clip over the nose of the plane to give it weight.

Go land the letter A airplane on A objects around the house.

B

Turn two letter **B**s into a pretty butterfly.

Here is what you need:

piece of sticky-back magnet

thin ribbon

two tiny wiggly eyes

ruler

markers

sequins

two construction paper letter Bs

white glue

scissors

two craft sticks

Here is what you do:

1. Use the markers to color one side of each craft stick.
2. Glue the straight side of each letter B on the uncolored side of one of the craft sticks, so that the two Bs stick out on each side to form the wings of the butterfly.
3. Glue the second craft stick, color side up, over the first stick to form the body of the butterfly.
4. Glue two tiny wiggle eyes to the top portion of the stick.
5. Draw a mouth with a marker.
6. Cut two 2-inch (5-cm) pieces of thin ribbon for the antennae. Glue the antennae sticking up from the back of the top of the head. Glue a round sequin to the tip of each antenna.
7. Decorate the wings of the B butterfly with sequins.
8. Add a piece of sticky-back magnet to the back of the butterfly.

Cut pictures of things starting with the letter **B** from magazines and glue them on a sheet of paper. The **B** butterfly can hold the pictures on the refrigerator for you.

C

Use lots of letter **C**s
to make a **caterpillar**.

Here is what you need:

eight construction paper letter Cs

white glue

construction
paper

6-inch (15-cm) pipe cleaner

scissors

pom-pom

two wiggly eyes

Here is what you do:

1. Glue the eight Cs together in a row to create the body of the caterpillar.

2. To make the head, cut a round circle about the same size as the Cs from the construction paper. Bend the pipe cleaner in half and tip the ends to make antennae for the caterpillar. Glue the antennae sticking up from the head.

3. Glue the two wiggly eyes and the pom-pom nose on the head to give the caterpillar a face.

Crawl around with your letter C caterpillar looking for things that begin with the letter C.

D

Use two letter **D**s to make the bill for this **duck** mask.

Here is what you need:

crayon

9-inch (23-cm) paper plate

white glue

craft feathers

ruler

two construction
paper letter Ds

yarn

scissors

hole punch

Here is what you do:

1. Hold the eating side of the plate to your face and use the crayon to mark where the eyeholes should be on the mask.
2. Cut the eyeholes out.
3. Glue the straight side of the two letter Ds together. Fold the rounded part of the Ds out in opposite directions to make the beak for the duck. Glue the beak to the mask below the eyeholes.
4. Glue some craft feathers sticking up from the top of the head.
5. Punch a hole in the middle of each side of the mask.
6. Cut two 2-foot (61-cm) lengths of yarn. Tie the end of each piece of yarn through each hole to make ties for the mask.

Put on the letter **D** duck mask and do things that start with the letter **D**. You could dance, dip down, duck, or draw. What other **D** things could you do?

Turn the letter **E** into an elephant.

Here is what you need:

construction paper letter E

markers

white glue

construction paper

scissors

Here is what you do:

1. Fold a piece of construction paper in half and cut an elephant ear shape on the fold. Unfold the ears.
2. Turn the letter E so that the straight part is on top. Glue the ears to the top center of the E so that the middle bar of the E hangs down to form the trunk of the elephant.
3. Use the marker to give the elephant eyes.

How about making **eleven** letter E elephants? Glue them on a sheet of construction paper and you'll have a herd of E elephants.
